

## Swedish Bioimaging Travel Grants for

# Bridging Nordic Imaging – Enabling Discoveries from Atoms to Anatomy, Gothenburg, April 14<sup>th</sup>-15<sup>th</sup> 2016

Swedish Bioimaging is happy to announce 10 travel grants for PhD students at Swedish universities for covering travel costs to and accommodation at the Bridging Nordic Imaging seminar in Gothenburg in April 2016. A travel grant is SEK 4000, and the money will be transferred to the department (or similar) to which the successful applicant is affiliated. PhD students are also most welcome and encouraged to attend the Swedish Bioimaging 7<sup>th</sup> National Meeting, arranged in Gothenburg, April 13<sup>th</sup> 2016, and part of a grant could be used for extending the stay in Gothenburg for both events.

To apply for a travel grant, please provide the following information in a letter signed by the applicant and his/her supervisor:

- Your full name
- Personal number
- E-mail address
- Phone number
- Affiliation (division, department, university or the corresponding information)
- Date accepted as a PhD student candidate (YYYY-MM-DD)
- Title and a description of your research project (100-150 words)

Send the application by e-mail to [travelgrant@bioimaging.se](mailto:travelgrant@bioimaging.se) no later than February 1<sup>st</sup> 2016. The applications will be evaluated by Kajsa Holmgren Peterson, research coordinator of Swedish Bioimaging, and Julia Fernandez-Rodriguez, University of Gothenburg and part of the Bridging Nordic Imaging planning group.
